There are some big changes to PAYE filing obligations coming on 1 April 2019, so it's a good time for a refresher.

Together with DairyNZ and PaySauce, we want to help ensure you get this stuff right. It's people solving payroll.

Your key take-aways will cover:

- 1 Identify ways to cut down admin headaches while staying compliant
- 2 Hear the most common mistakes with payroll and how (and why) to avoid them
- 3 Ask burning questions / discuss relevant issues you've experienced personally
- 4 Confidently follow best-practice employment guidelines

Is this workshop for you?

Anyone who employs staff, or will do soon, is encouraged to come along and have a practical refresher on the do's and don'ts of paying staff.

This is a **FREE** event, funded by **New Zealand dairy farmers through DairyNZ.**
