

# Business by the numbers

Get practical techniques and confidence to manage the numbers in a dairy agribusiness

## Do you want to?

- Learn or enhance your budgeting skills
- Investigate future options for big-picture goals like self-employment or employing a sharemilker
- Communicate with your bank and accountant to get the support and understanding you need
- Feel comfortable in a supportive, interactive and user-friendly learning environment for all levels
- Balance learning with other commitments
- Qualify with the Business by the Numbers micro credential (15 Level 5 credits) to be recognised in future agribusiness Diploma studies.

For Managers, self-employed or those considering self-employment

## Cost

\$249
