

# Understanding Your Farming Business (UYFB)

Engaging wāhine as critical farming partners

UYFB equips women in the sheep, beef and dairy sectors with the skills and confidence to fully participate in their farming business.

Whether you're farming with others or on your own, you'll learn what drives your farming business and develop the confidence to step-in to decision making and communicate clearly.

In partnership with Beef + Lamb New Zealand we're excited to deliver the refreshed Understanding Your Farming Business in 4 locations in 2026.

## What you'll learn on UYFB:

- ▶ How to measure farm performance and finances
- ▶ How to add value as an engaged critical farming partner
- ▶ Business planning and decision-making to improve farm performance
- ▶ The drivers & language of your farming business
- ▶ How to find and assess financial information

## Dates and locations
