

NAIT & your scanner: drop-in sessions

Learn new tips from the experts on how to make the most out of your scanner

We're teaming up with our friends at Gallagher and Tru-Test to run drop-in sessions to get the most out of your scanner.

Join us for a special drop-in session, where you can stop by your local Farm Source store and get support on how to use your scanner to meet your NAIT obligations. Learn new tips from the experts on how to make the most out of your scanner, as well as help with weight scales and general NAIT support.

Make sure to bring along your scanner (and laptop/cellphone), so we can help get everything set up correctly for you.

No need to book for these sessions - just turn up between 10am and 2pm and we'll be there to help! You can view the session times and locations using the QR code below.
