

Better Beef Breeding Workshop: Waihi

Thursday 21 August, 10.00am – 2.00pm
Maranui Herefords and Angus, 282 Trig Road North, Waihi

For potential bull buyers wanting to learn how to interpret genetic merit from eBVs, Indexes and physical appearance.

In this workshop we will dive into:

- Setting a breeding objective.
- Choosing a bull breeder that matches that objective.
- Using genetic information to assess sale bulls.
- Using physical information to assess sale bulls.
- Settling your new purchase in and ensuring he is annually evaluated for breeding soundness.

Spaces limited.

Registration essential. To register visit www.beeflambnz.com/events and search for this event or click on the link or scan the QR code.
