

WAITAKARURU CAREX TRIAL FIELD DAY

Join us to find out how low maintenance sedges can help you meet water quality targets and support biodiversity.

HEAR ABOUT:

- Costs & benefits of planting on small waterways (up to 2m wide)
- The science of shade - why it matters
- What to plant and where to plant it
- Baseline data collected by local kura
- How planting could help you meet your farm planning obligations & what support may be available
- Includes on-site field visit

EVENT DETAILS:

13 NOVEMBER 2025

11AM - 3PM

Waitakaruru Hall, SHWY 25, Waitakaruru

Lunch provided

Please bring clean gumboots and wet weather gear
